

STOXX Limited is a leading provider of global indices, such as the DJ EURO STOXX 50, DJ STOXX 50, DJ STOXX 600, DJ STOXX Global 1800 and DJ EURO STOXX Select Dividend 30 indices.

To further strengthen our STOXX team, we are looking for an extremely motivated, target driven person with the desire to exceed expectations in the function as

DIRECTOR RESEARCH AND DEVELOPMENT

(Member of the Executive Board STOXX Limited)

Job:

- Responsible for all aspects of index development for the Dow Jones STOXX indices
- Work with the executive and supervisory board to ensure that the organisation is creating new indices aligned with the strategy
- Work closely with business development, marketing and external clients to create new index products; coming up with and evaluating ideas, assembling data, testing methodologies, parsing results and assuring index quality
- Understand DJ STOXX products as well as existing and emerging client needs
- Communicate to the press and hold presentations at conferences and events
- Develop project plans, priorities and time/cost estimates
- Coordinate efforts surrounding index launches
- Coordinate and supervise the STOXX Advisory Committee meetings
- Oversee the management of the development teams
- Responsible for the STOXX website and the Customised Index teams

Requirements:

- Master's degree in business, finance, economics or a quantitative discipline
- 10+ years experience in the financial sector, with a deep understanding of capital markets in Europe
- Excellent analytical skills and knowledge of research
- 5+ years management experience
- Proven experience and success in product development
- Committed, goal-oriented, self-starter and team player
- Entrepreneurial spirit
- Proficiency in written and spoken English
- Excellent communication and presentation skills

The position will be based in Zurich, Switzerland, and will report to the Supervisory Board. The person will be working closely with teams in Frankfurt, Germany, and Princeton, NJ, USA.
