

EURO STOXX® 50 BUYWRITE (100%) INDEX

Stated objective

The EURO STOXX 50® BuyWrite Index is designed to measure the performance of a hypothetical portfolio, reflecting a so-called buy-write strategy based on the EURO STOXX 50® Index. The EURO STOXX 50® Index provides a blue chip representation of supersector leaders in the Eurozone, covering Austria, Belgium, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal and Spain.

Two variants of the index are available: the EURO STOXX 50® BuyWrite, with option struck at 105%, and the EURO STOXX 50 BuyWrite (100%), with option struck at 100%.

Key facts

Risk and return figures¹

STRATEGY INDICES

EURO STOXX® 50 BUYWRITE (100%) INDEX

Methodology

The EURO STOXX 50® BuyWrite Index combines the EURO STOXX 50® Index portfolio and a EURO STOXX 50® call option. With this buy-write strategy the EURO STOXX 50® Index is bought as the underlying instrument and a EURO STOXX 50® Index call option is sold simultaneously.

The composition of the index is adjusted on a monthly basis, i.e. it requires monthly rolling procedure on each third Friday of a month when the old EURO STOXX 50® call option ceases trading at 12:00 CET and is replaced by a new EURO STOXX 50® call option. New one-month call options must have a remaining lifetime of one month. For the EURO STOXX 50® BuyWrite Index, the option must be 5% out-of-the-money (OTM), i.e. the highest strike price below or equal to the EURO STOXX 50® Index settlement price plus 5%, while for the EURO STOXX 50 BuyWrite (100%) Index the option must be at the money (ATM), i.e. the highest strike below or equal to the EURO STOXX 50® Index settlement price.

CUSTOMIZATION

The index can be used as a basis for the definition of STOXX® Customized Indices, which can be tailored to specific client or mandate needs. STOXX offers customization in almost unlimited forms for example in terms of component selection, weighting schemes and personalized calculation methodologies.

DISCLAIMER

STOXX® indices are protected through intellectual property rights. STOXX and EURO STOXX 50 are registered trademarks. The use of the STOXX® indices for financial products or for other purposes requires a license from STOXX. STOXX does not make any warranties or representations, express or implied with respect to the timeliness, sequence, accuracy, completeness, currentness, merchantability, quality or fitness for any particular purpose of its index data. STOXX® is not providing investment advice through the publication of the STOXX® indices or in connection therewith. In particular, the inclusion of a company in an index, its weighting, or the exclusion of a company from an index, does not in any way reflect an opinion of STOXX on the merits of that company. Financial instruments based on the STOXX® indices are in no way sponsored, endorsed, sold or promoted by STOXX.

BACKTESTED PERFORMANCE

This document contains index performance data based on back testing, i.e. calculations of how the index might have performed prior to launch if it had existed using the same index methodology and based on historical constituents. Back tested performance information is purely hypothetical and is provided in this document solely for information purposes. Back tested performance does not represent actual performance and should not be interpreted as an indication of actual performance.
