

ISTOXX® EUROPE 600 REAL ESTATE GR DECREMENT 50 INDEX

Index description

The iSTOXX Europe 600 Real Estate GR Decrement 50 Index replicates the performance of the gross return version of the STOXX® Europe 600 Real Estate Index assuming a deduction of 50 index points per annum. The points deduction accrue constantly on a daily basis.

Key facts

» Due to the index points deduction, the decrement index underperforms its base, the gross return version of the STOXX Europe 600 Real Estate Index, which includes gross dividend investments.

» The decrement index may perform better than the price version of the base index, which does not consider dividend investments, if the overall gross dividend yield of the base index is greater than the value being deducted.

DISCLAIMER

STOXX, Deutsche Boerse Group (DBAG) and their licensors, research partners or data providers do not make any warranties or representations, express or implied, with respect to the timeliness, sequence, accuracy, completeness, currentness, merchantability, quality or fitness for any particular purpose of its index data and exclude any liability in connection therewith. STOXX, DBAG and their licensors, research partners or data providers are not providing investment advice through the publication of indices or in connection therewith. In particular, the inclusion of a company in an index, its weighting, or the exclusion of a company from an index, does not in any way reflect an opinion of STOXX, DBAG or their licensors, research partners or data providers on the merits of that company. Financial instruments based on the STOXX® indices, DAX® indices or on any other indices supported by STOXX are in no way sponsored, endorsed, sold or promoted by STOXX, DBAG or their licensors, research partners or data providers.

BACKTESTED PERFORMANCE

This document contains index performance data based on backtesting, i.e. calculations of how the index might have performed prior to launch if it had existed using the same index methodology and based on historical constituents. Backtested performance information is purely hypothetical and is provided in this document solely for information purposes. Backtested performance does not represent actual performance and should not be interpreted as an indication of actual performance.

CUSTOMIZATION

The index can be used as a basis for the definition of STOXX® Customized Indices, which can be tailored to specific client or mandate needs. STOXX offers customization in almost unlimited forms for example in terms of component selection, weighting schemes and personalized calculation methodologies.
