STOXX Regional Benchmark Indices files enhancement - Selection List reports to be published on the review month

Dear Sir and Madam,

STOXX Ltd., the operator of Qontigo's index business and a global provider of innovative and tradable index concepts, today announced the introduction of selection lists for the months of March, June, September and December for the following indices STOXX Regional Benchmark indices (STOXX Europe 600, STOXX North America 600 and STOXX Asia/Pacific 600). As a result, the file "qr_tmi_YYYYMMDD.csv" and "qr_tmi_YYYYMMDD.xls" will be decommissioned and replaced by the afore mentioned selection lists.

Overview of the changes

In March 2021, the Selection Lists will be generated in parallel with the existing qr_tmi_YYYYMMDD.csv/.xls file. The Selection Lists structure will change as follow:

- Column H will not be populated in March, June, September and December
- New Total Market composition will be used for ranking purposes in March, June, September and December

As of May 31st, 2021, the qr_tmi_YYYYMMDD.csv/qr_tmi.xls will be decommissioned and the new Selection Lists will be solely used as of June 1st, 2021 in .xlsx format.

Format details on Selection list are available in [STOXX File Guide](#) in chapter 4.3.2.
