EJ SHIN

ASSOCIATE AT BLACKROCK, PORTFOLIO MANAGER AT THE CLIENT PORTFOLIO SOLUTIONS (CPS) TEAM

EJ Shin is responsible for the design and management of multi-asset models and mandates.

CPS is the investment group at the heart of BlackRock's portfolio construction and asset allocation ecosystem; and brings together BlackRock's research, investment experience and technology to meet clients' needs for whole-portfolio approaches.

Prior to CPS, Ms. Shin was a Sustainable Investing Product Specialist at BlackRock Solutions (BRS), responsible for expanding and enhancing BLK's Sustainable Investing Analytics with research, innovation, and collective intelligence of the Aladdin community and BLK. These responsibilities included producing thought leadership pieces and providing SRI/ESG driven portfolio risk analyses, stress testing, and portfolio optimization to sustainable investors across asset types and regions.

Prior to the Sustainable Investing Product Specialist role, Ms. Shin was part of the Client Analytics Group within BRS. Ms. Shin was responsible for ensuring insurance, pension and asset management clients leverage BlackRock's suite of analytics, risk models, and performance attribution applications across multi-asset class products.

Ms. Shin joined BlackRock in 2013 as an analyst in New York and relocated to the London office in 2017.

Ms. Shin earned a BA degree in Politics and a BS degree in Finance from New York University in 2013.
