Results of Market Consultation on the update of DAXglobal indices

Dear Sir and Madam,

STOXX Ltd., the operator of Qontigo's index business and a global provider of innovative and tradable index concepts, announces the results of the market consultation on the update of DAXglobal indices.

Results

During the course of the [market consultation](#) conducted from July 25th, 2023 to August 23rd, 2023, no objections have been received with regards to the proposed methodology changes.

Affected Indices

DAXglobal Agribusiness
DAXglobal China
DAXglobal BRIC
DAXglobal Gold Miners
DBIX Deutsche Börse India

Decision

STOXX has decided to apply the following methodology changes:

- Update the respective list of eligible exchanges for the DAXglobal Agribusiness, DAXglobal China and DAXglobal Gold Miners as proposed in the market consultation.
- The weighting scheme for DAXglobal Agribusiness, DAXglobal BRIC and DBIX Deutsche Börse India will be changed from full market capitalization to free float market capitalization weighting.
- For DAXglobal China, DAXglobal Gold Miners and DBIX Deutsche Börse India a switch to equal weight capping will be introduced, which will apply in case of a shortfall of index components.

STOXX intends to implement the changes no later than with the ordinary review on March 18th, 2024.
