Results of Market Consultation on proposed changes to the STOXX Global Copper and Metals Mining Index

Dear Sir and Madam,

STOXX Ltd., the operator of Qontigo's index business and a global provider of innovative and tradable index concepts, announces the results of the market consultation on proposed changes of the methodology to the STOXX Global Copper and Metals Mining Index published on July 31st, 2023.

The proposed enhancements aim to provide the indices an improved exposure to companies with significant exposure to the copper mining industry while preserving liquidity and capacity metrics.

Results

Overall, the respondents agreed with the proposal to change the aggregated weight limit of the Tier 3 Group.

Impacted Indices

STOXX Global Copper and Metals Mining

Decision

STOXX decided to change the aggregated weight limit of the Tier 3 Group from max 50% to max 20%.

Group Weight Limit:

Tier Group	Aggregated Weight Limit
Tier 3	Max 20%

In light of the feedback received STOXX intends to implement the changes no later than with the ordinary review in September, 2023.
