

# ISTOXX® EUROPE EUR GROUP 3 COLLATERAL LARGE INDEX

## Index description

The iSTOXX Europe EUR Group 3 Collateral Basket Large Index represents a diversified basket of securities that meets broadly accepted criteria for general collaterals. The index components are derived from stocks with above-median or median market capitalization in the STOXX Europe 600 Index that satisfy criteria for liquidity and borrowing costs and have an ISIN country code of Portugal or Spain and are traded on a EUR-denominated exchange. In addition, only components which have no pending corporate event or dividend distribution are eligible for the index. The index is weighted by free-float market capitalization, with a cap at component level.

## BACKTESTED PERFORMANCE

This document contains index performance data based on backtesting, i.e. calculations of how the index might have performed prior to launch if it had existed using the same index methodology and based on historical constituents. Backtested performance information is purely hypothetical and is provided in this document solely for information purposes. Backtested performance does not represent actual performance and should not be interpreted as an indication of actual performance.

## CUSTOMIZATION

The index can be used as a basis for the definition of STOXX® Customized Indices, which can be tailored to specific client or mandate needs. STOXX offers customization in almost unlimited forms for example in terms of component selection, weighting schemes and personalized calculation methodologies.
