

STRATEGY INDICES

EURO STOXX® 50 BUYWRITE INDEX

Performance and annual returns⁴

Methodology

The EURO STOXX 50® BuyWrite (100%) Index combines the EURO STOXX 50® Index portfolio and a EURO STOXX 50® call option. With this buy-write strategy the EURO STOXX 50® Index is bought as the underlying instrument and a EURO STOXX 50® call option is sold simultaneously. The composition of the index is adjusted on a monthly basis, i.e. it requires monthly rolling procedure on each third Friday of a month when the old EURO STOXX 50® call option ceases trading at 12:00 CET and is replaced by a new EURO STOXX 50® call option. New one-month call options must have a remaining lifetime of one month. For the EURO STOXX 50 BuyWrite (100%) Index the Option must be at the money (ATM), i.e. the highest strike below or equal to the EURO STOXX 50® Index settlement price.

DISCLAIMER

STOXX, Deutsche Börse Group and their licensors, research partners or data providers do not make any warranties or representations, express or implied, with respect to the timeliness, sequence, accuracy, completeness, currentness, merchantability, quality or fitness for any particular purpose of its index data and exclude any liability in connection therewith. STOXX, Deutsche Börse Group and their licensors, research partners or data providers are not providing investment advice through the publication of indices or in connection therewith. In particular, the inclusion of a company in an index, its weighting, or the exclusion of a company from an index, does not in any way reflect an opinion of STOXX, Deutsche Börse Group or their licensors, research partners or data providers on the merits of that company. Financial instruments based on the STOXX® indices, DAX® indices or on any other indices supported by STOXX are in no way sponsored, endorsed, sold or promoted by STOXX, Deutsche Börse Group or their licensors, research partners or data providers.

BACKTESTED PERFORMANCE

This document contains index performance data based on backtesting, i.e. calculations of how the index might have performed prior to launch if it had existed using the same index methodology and based on historical constituents. Backtested performance information is purely hypothetical and is provided in this document solely for information purposes. Backtested performance does not represent actual performance and should not be interpreted as an indication of actual performance.

CUSTOMIZATION

The index can be used as a basis for the definition of STOXX® Customized Indices, which can be tailored to specific client or mandate needs. STOXX offers a wide range of customization, in terms of component selection, weighting schemes and personalized calculation methodologies.
